

## FS 1 Elf Class Newsletter

18.01.19

This week the children have had a great time finding out about winter and have really enjoyed welcoming the new children to our class. Our 'explorers' ship has voyaged to the south pole! We have been finding out about Emperor Penguins. The children have painted their own penguins and explored making models on the creative table. We are designing a science ship and lab in our role-play area to observe the wildlife and conduct our new experiments!

Outside the weather has joined in with our wintry theme. The children have drawn patterns in the snow and explored the effect of ice on the plants. They have been fascinated by the different tracks we have seen in the snow made by vehicles and animals. Elf class have thought about the birds clearing patches of snow to feed them.

This week the Head teachers Award goes to Arthur. Well done Arthur you used your Learning Powers.
