1 Introduction

Statutory Requirement

1. All local authorities in Great Britain must have an Accessibility Strategy for the schools they maintain. This is a requirement of law under Schedule 10 of the Equality Act 2010 and specifically relates to pupils with a disability.
2. Accessibility Strategies share the same principles as Accessibility Plans and define over time, how schools will be supported to:
 - a. Increase the extent to which disabled pupils can participate in the curriculum;
 - b. Improve the physical environment of schools to enable disabled pupils to take better advantage of education, benefits, facilities and services provided;
 - c. Improve the availability of accessible information to disabled pupils.
3. Where MOD personnel are based in overseas locations the MOD acts in lieu of a UK local authority and delivers **so far as is reasonably practicable** statutory or near-statutory services following English legislation.
4. Overseas, DCYP fills a similar role to a local authority Children's Services Department and delivers (or ensures/assures the delivery of) key children's services (Safeguarding, Education, Health, Social Care etc.), so far as is reasonably practicable. It is important to note that DCYP is under no statutory obligation to provide these services.
5. Whilst MOD schools and settings can support a range of SEND they are not mandated or resourced to support children with complex needs. Service parents and Commands are therefore directed, through JSP 770, to use the MOD's Assessment of Supportability Overseas (MASO) prior to and, where special and/or additional needs emerge, during a posting.

Aim

6. This document defines how MOD schools and settings can apply, where reasonably practicable, the principles of accessibility.

Scope

7. This document applies to MOD schools overseas. Queen Victoria School (Dunblane) follows Scottish National statutory requirements for Accessibility.

Roles and Responsibilities

8. All MOD schools and settings are to develop their Accessibility Plans using this Strategy, paying attention to the actions outlined in the Implementation section. Schools may adapt the template Accessibility Plan at Annex A.
9. Health and Safety leads should be involved in the formulation of Accessibility Plans.

10. All MOD schools are to ensure that Accessibility Plans are endorsed by their School Governance Committee (SGC) and progress against the plan is routinely reported to the SGC.
11. All MOD schools and settings are to publish their Accessibility Plans on their school website.
12. Accessibility audits will be conducted by school SENDCOs and submitted to the Assistant Hd DCYP SEND Services in Jun of even-numbered years (i.e. every two years).

Reasonable Adjustments

13. DCYP and the schools under its authority, can provide adjustments, where reasonably practicable, for disabled pupils to ensure that they can participate in their education and engage in the other benefits, facilities and services that the school provides. Examples of reasonable adjustments are at Annex B.
14. The reasonable adjustments duty comprises:
 - a. Provisions, criteria and practices;
 - b. Auxiliary aids and services;
 - c. Physical features.
15. In seeking to follow English legislation where it is reasonably practicable to do so, DCYP and its schools are to anticipate the needs of potential disabled pupils in addition to those already attending the school and make adjustments, where reasonably practicable in the overseas context.
16. HQ DCYP, acting in lieu of a local authority, is responsible for making adjustments, where reasonably practicable, to the physical features of its schools. There is a duty on schools to plan better access for disabled pupils generally through Accessibility Plans.

Intent

17. DCYP's mission is to:

'Achieve the best outcomes for our children and young people in order to sustain a Whole Force of capable, motivated individuals that deliver Defence outputs'.

18. To achieve this, DCYP will:
 - a. Work with the MOD schools for which it is responsible to ensure that disabled pupils are not disadvantaged or discriminated against because of their disability;
 - b. Work with MOD schools and school governors to agree reasonable adjustments which will allow disabled pupils full access to school facilities and activities;
 - c. Work with MOD schools to identify and plan for the needs of disabled pupils.

Defence Context

19. In the overseas Defence context, DCYP does not have access to the range of specialist provisions for children and young people with SEND. In this context MOD schools can provide, where reasonably practicable, for a range of SEND but not the full range of severe and/or complex SEND.

20. The level of support that can be offered differs according to location. All MOD schools and local Commands/Commanders are required to publish their local offer on their website.

Implementation

21. DCYP will work with the MOD schools for which it is responsible to:

- a. Increase access to the curriculum for disabled pupils;
- b. Improve the physical environment for schools to increase access for disabled pupils;
- c. Make written information more accessible to disabled pupils by providing information in a range of different ways where reasonably practicable.

22. This will be achieved through:

Increasing access to the curriculum

| HQ DCYP will | MOD schools and settings will |
|---|--|
| Support schools, including head teachers, SENDCOs, in relation to strategies, policies and systems available through DCYP and the MOD. Ensure availability of training and CPD opportunities for school staff to support and enhance the understanding of accessibility in the curriculum. | Meet the duties set out in the Equality Act 2010 and Children and Families Act 2014 with regard to SEND, where reasonably practicable. Include improvements that increase access to the curriculum in the Accessibility Plan published on the school website. |

Funding

23. All reasonable adjustments that involve Capital works for improved physical access must be submitted via school business managers to HQ MOD Schools Ops & Plans.

24. The cost of support for present or future disabled pupils, including resources needed by these pupils and staff training, should be met from school budgets. All MOD school

budgets include an allocation for SEND that may be used for these purposes. Requests for additional funding should be made via school business managers to HQ MOD Schools Ops & Plans.

Monitoring

25. Progress on the implementation of School Accessibility Plans will be monitored and evaluated by MOD school SENDCOs.

26. Progress on the implementation of School Accessibility Plans and this Accessibility Strategy will be reported every two years (in Jun of even-numbered years) by the SENDCO to the Assistant Hd DCYP SEND Services.

Aims

Schools in Great Britain are required under the Equality Act 2010 to have an accessibility plan, and the MOD will mirror this requirement in overseas locations where it is reasonably practicable to do so. MOD Schools are therefore required to have an appropriate accessibility plan, the purpose of which is to:

- Increase the extent to which disabled pupils can participate in the curriculum;
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided;
- Improve the availability of accessible information to disabled pupils.

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

At The British Section, SHAPE International School, we are fully committed to providing an environment that enables full curriculum access, which values and includes all pupils, parents, staff and visitors regardless of their education, physical, sensory, social, spiritual, social and emotional needs.

We are fully committed to developing a culture of inclusion and supporting awareness in our school, inline with the spirit of the Equality Act of 2010 with regards to disability.

We aim to promote cultural development and understanding for all, through undertaking a rich range of experiences in school and the wider environment.

We respect parents' and childrens rights to confidentiality at all times.

The plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan.

If you have any concerns relating to accessibility in school, the school's complaint procedure sets out the process for raising these concerns.

As part of the school's continued communication with parents and carers, we continue to look at ways to improve accessibility through discussions with parents and our SEND School Governor.

Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

Action plan

This action plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010.
