

FS1 Elf Class News Letter

18.09.20

Our Newsletter aims to provide parents with information about the setting in Elf class. This includes information about what your child has been doing. Reminders and other notices about whole school events are included in the main school newsletter.

This week the children have been very busy exploring and discovering outside and uses their senses to explore the world. We've enjoyed a listening walk. Exploring and discriminating different sounds around us. The children loved their PE and dance session in the hall too. We all said goodbye our wonderful volunteer Mrs Ciizzi. The children made a card and gave her flowers we enjoyed some party cakes too. She will be missed but goes on with our love and best wishes.

Tapestry Online learning Journey

This should be online for all parents now please see me if not and we can check it together.

Naming clothes

Please could all clothes be clearly labelled with your child's name.

It is very easy to pick up another child's' jumper. Please check you have your child's jumper and bring in any item that is named for another child to swap back.

Forest school

On Monday morning the children have been enjoying Forest schools. Now we are becoming more adventurous could the children please come into school on Monday in non- uniform that is comfortable for outside forest schools. This could be Long pants and comfortable warm top, but it is weather dependant.

Multi skills in the hall

Each Friday Elf class will have the opportunity to use the hall. Please could children come into school in a comfortable P.E kit. The children can wear their house T shirt if they want to. On hot days this could be shorts but we are now coming to the colder days so tracksuit bottoms may be better.

The children stay in their kit since activities are very light but it gives them an opportunity to go to the main school and use the equipment for multi skill activities. If the hall is booked up we still carry on using the same activities in FSI so we always have the opportunity to try something different.

Collection of children

Please could any messages of the children being picked up by other adults be relayed through the main school office who will pass it onto us.

Illness

If your child is going to be absent from school please could you contact the office on 065 445283. Please refer to the main school newsletter regarding the updates on the schools 'low threshold' for illness due to Covid.

Outdoor Discovery

Learning takes place not only inside but outside the classroom too! The children have the opportunity to play in the outdoor areas as part of our outdoor discovery programme. Children in Elf class bring wellington boots to help protect their clothing. It can get very messy outside! Now the colder days are coming please ensure all children have a coat to wear that is waterproof.

Inside shoes or a sensible slipper or PE shoe is also ideal in case our footwear becomes very wet in the winter months. Many thanks to parents for dropping off a spare bag of clothes that has been really useful to us.
